Show and Sell

Good business means good communication, and often that means showing rather than telling. Digital photography can improve the way you do business and enhance your professional image. HP's digital imaging solutions can help give you a competitive edge.

HP Adaptive Lighting

Produce photos that capture exactly what you see with HP adaptive lighting. This ground-breaking technology automatically adjusts high contrast photos to reveal the detail that would otherwise be lost in the shadows. Ideal when you're shooting into the sun or using flash.

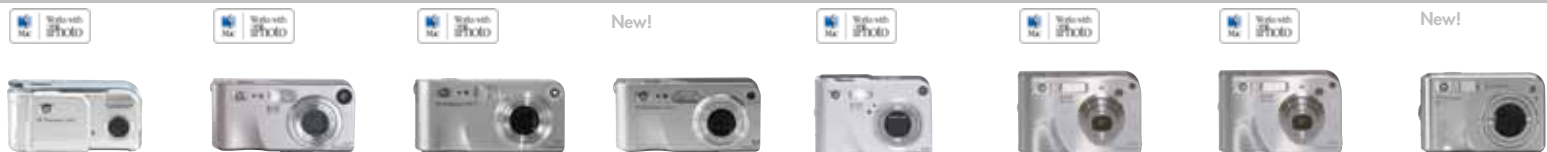

HP In-Camera Panorama Preview

Create accurate multi-shot photos of up to 5 images with panorama mode. As well as showing you where to start each sequential photo, the camera also allows you to verify your panorama on the LCD then automatically stitches the photos together when downloaded to HP Image Zone.

New! HP Vivera Inks*

HP Inks just keep getting better

Vivera (vi-ve-ra) n. — life and longevity. New HP Vivera inks provide the best combination of vivid output and exceptional fade resistance.

HP 97/99 Photo Value Pack

Benefits:

- Increased fade resistance
- Cost-efficiency
- Increased printing speeds
- Outstanding print quality
- Environmental stewardship

* Vivera inks are not compatible with all HP Inkjet products; please see product datasheets for details.

For more information go to: www.hp.com/go/vivera

HP 101 Blue ink cartridge:

The HP Blue Photo inkjet print cartridge delivers an extended color palette that includes a richer, enhanced range of blue hues for natural looking landscapes with more realistic sky and water scenes.

Compatible only with HP Photosmart 8750.

PictBridge

Allows any compliant digital camera to print to compatible printers via standard USB cable.

HP Digital Imaging and Scanners Scanjets

New!

New!

New!

HP Scanjet 4370 L1970A

Easy true to life scanning from HP—scan photos, documents, slides and more at 3600 × 7200 dpi

HP Scanjet 4670 Q3122A

Scan any size item with see-through slim design, plus save space by using upright in easel.

HP Scanjet 4850 L1950A

Get impressive results for an affordable price at 4800 × 9600 dpi resolution. One-touch buttons for easy scanning and sharing.

HP Scanjet 4890 L1952A

Scan up to 16 slides (35 mm), 30 negatives, 2 to 4 medium format film frames or one 4 × 5-in film using a built-in adapter. Get leading resolution for an affordable price at 4800 × 9600 dpi.

HP Scanjet 5550c C9919A

Unattended multi-page scanning with professional quality results. 2400 dpi scanner with 7-second preview scan. Includes automatic document feeder and 7 one-touch buttons.

HP Scanjet 5590 L1910A

Scan more—including slides and negatives, plus professional unattended two-sided, multi-page scans.

HP Scanjet 7650 L1940A

Work more productively with 50-page auto document feeder and 12 ppm scanning. Includes document management software.

HP Scanjet 8200 • 8250 • 8290 C9931A • C9932A • C9933A

Easy, professional office scanning—4800 dpi optical resolution, 48-bit color. Includes transparency adapter for slides and negatives.

Understanding HP Product Codes

All HP products follow a specific naming convention. A product name without any letters at the end is a base model; any suffix tells you what additional features a particular model offers.

L	light version
Ln	light version + network card
n	network card
nr	network card + roll feed
d	duplexer = two-sided printing
dn	duplexer + network card
dtn	duplexer + additional tray + network card
dtnw	duplexer + additional tray + wireless + network card
dtnsl	duplexer + additional tray + network card + stapler/stacker
tn	additional tray + network card
hdn	hard disk + duplexer + network card
c	color
ci	color + infrared
cbi	color + battery + infrared
w	wireless
wbt	wireless Bluetooth™
ps	Postscript
mfp	multifunctional product

* Business Inkjet 1200dn sold through HP online stores only.

Apple Bonjour™* and HP Peripheral Support

Bonjour is Apple's brand name and new solution for zero-configuration networking and device discovery over TCP/IP networks.

Minimum requirements recommended by HP to use Bonjour with HP peripherals:

HP Postscript printers:

- Mac OS X v10.2.3 minimum
- HP Jetdirect print server minimum firmware v24.06
- Ethernet and 802.11b wireless HP Jetdirect print servers
- Printer and Mac must have IP address

HP Inkjet (raster) printers:

- HP Inkjet driver v2.3 and later
- HP Jetdirect print server minimum firmware v24.06

* Formerly known as Rendezvous.

Bluetooth Printing Support— from Mac to HP printer

Minimum requirements for Bluetooth printing:

- Mac OS X v10.3.2 or later
- Bluetooth software update v1.5 from Apple
- Mac and printer with Bluetooth I/O and HCRP protocol support

HP printers that support Apple and Bluetooth printing from the Mac:

- HP Deskjet 450wbt with included Bluetooth compact flash card: optional HP Bluetooth card (part# C8249A) for all Deskjet 450s
- www.hp.com/go/macosx for updates and support

No driver update required from HP. Simply download the Bluetooth software update v1.5 from Apple and select Bluetooth I/O from Print Setup Utility.

Mac OS Driver Matrix for HP Peripherals Please view <http://www.hp.com/go/macosex> for current information about HP and Mac OS X solutions

Yes = HP supported and Mac software available from HP and/or built-in to Mac OS X

Driver Notes

¹ Mac OS X v10.4 Tiger - minimum HP Inkjet driver v2.7.1. Supports USB and networking (Ethernet and 802.11 wireless). HP Inkjet driver v2.7.1 built-in to Tiger.

Mac OS X v10.3 Panther - minimum HP Inkjet driver is v2.3.1. Supports USB and networking (Ethernet and 802.11 wireless). HP Inkjet driver v2.3.1 built-in to Panther. Driver upgrade recommended.

Mac OS X v10.2 Jaguar - minimum HP Inkjet driver v1.4.1. Driver upgrade recommended.

² HP software for Mac OS X applies to HP Postscript emulation and Adobe Postscript firmware printers – e.g. HP LaserJet, Business Inkjet or Designjet printers. Software includes HP specific PPD and PDE files that provide the driver all the support, features, paper sizes, and options for that specific printer. Very important to select proper HP printer from Page Setup dialog box to make available HP printer features and paper sizes from the print dialog box.

HP printer PPD/PDE file works in conjunction with Apple PostScript driver from Mac OS X Printer Setup Utility. Users can select any I/O e.g. USB, Bonjour or Rendezvous, HP IP Printing, Appletalk—whichever is applicable to their printer and printing environment – to add HP printer to Print Setup Utility.

HP Accessories
